

Dear HENNGE Recruitment Team,

I am writing to express my enthusiastic interest in the HENNGE Internship Program 2025. I am excited to present my strengthened profile as a Full-Stack Developer with proven production experience and a portfolio of successful applications.

Why HENNGE Aligns With My Vision

HENNGE's mission to "**Make the world a bit more borderless**" resonates deeply with my passion for creating technology solutions that connect people across cultures. Your innovative approach to cloud security and identity management in the Japanese market represents the cutting-edge work environment where I can contribute meaningfully while growing as a developer.

What I Bring to HENNGE

Proven Technical Excellence:

- **2+ years of hands-on development experience** building scalable web applications
- **Production-ready applications** including Blogify (full-stack blog platform) and a hotel booking system with payment integration
- **Modern tech stack mastery:** React.js, Node.js, Express.js, MongoDB, JWT authentication, and cloud deployment
- **Professional development practices:** Git version control, RESTful API design, and responsive UI/UX implementation

Demonstrated Growth & Impact:

- Successfully completed **intensive 3-month Full-Stack program** at Pantech Solutions (Oct-Dec 2024)
- **60% reduction in booking process time** through optimized user experience in hotel booking project
- **Comprehensive skill development:** From beginner to building production applications with authentication, payment integration, and real-time features

Real-World Application Building:

- **Blogify Platform:** Complete content management system with nested comments, notifications, and role-based access control
- **Hotel Booking System:** Integrated PayPal payment gateway, admin dashboard, and booking analytics
- **Portfolio showcasing:** Live applications demonstrating technical proficiency and design sensibility

Technical Capabilities Aligned with HENNGE's Needs

Backend Development: Node.js, Express.js, RESTful APIs, JWT Authentication, MongoDB optimization

Frontend Excellence: React.js, responsive design, modern CSS frameworks, cross-browser compatibility

Cloud & DevOps: AWS deployment, Docker containerization, CI/CD pipelines

Security Focus: Authentication systems, password hashing, secure payment processing

Cultural Commitment & Growth Mindset

What sets me apart is my **demonstrated ability to transform feedback into tangible improvements**. Since my previous applications, I have:

- Built two production-level applications from concept to deployment
- Completed formal training with industry best practices
- Developed a professional portfolio showcasing real-world problem-solving

My academic excellence (8.33 CGPA in Information Technology) combined with practical experience reflects my commitment to both theoretical understanding and hands-on application - values I know HENNGE appreciates in its team members.

Value Proposition for HENNGE

I bring a unique combination of:

- **Technical competence** backed by live applications and measurable impact
- **Continuous learning mindset** demonstrated through consistent skill enhancement
- **Cultural adaptability** and genuine enthusiasm for contributing to Japan's tech ecosystem
- **Fresh perspective** paired with respect for established engineering practices

I am genuinely excited about the opportunity to contribute to HENNGE's innovative projects while learning from your exceptional engineering team. I would welcome the chance to discuss how my proven development skills and unwavering commitment to growth can add value to your internship program.

Thank you for considering my application. I look forward to demonstrating my capabilities and passion for borderless technology solutions.

Best regards,

Diwansh Sood
